## Product List of Chinese Medical Herbs

No	Picture	Product Name			Function
		Chinese	Latin Name	English Name	
1		阿胶	<i>Colla Corii asini</i>	Donkey-hide glue	1.Nourish and stop blood. 2.Nourish yin and moistening dryness.
2		巴戟天	<i>Radix Morindae officinalis</i>	Radix Morindae Officinalis	1.Enriching the kidney and strengthening Yang-qi. 2.Strengthening muscle and bone.
3		柏子仁	<i>Semen Platycladi orientalis</i>	Semen Platycladi	1.Nourishing heart and soothing the nerves. 2. Arrest sweating. 3. Loosening the bowel to relieve constipation.
4		白扁豆	<i>Semen Lablab</i>	White Hyacinth Bean	1.Strengthening spleen. 2. Resolving dampness. 3. Relieve summer heat.
5		百部	<i>Radix Stemonae tuberosae</i>	Radix Stemonae	1.Moistening lung for arresting cough. 2. Insecticidal delousing.
6		白芷	<i>Radix Angelicae dahuricae</i>	Angelica dahurica Benth. et Hook	1.Dispelling wind and eliminating dampness; 2.Relieve pain; 3. swelling,empyema.
7		僵蚕	<i>Bombyx Batryticatus</i>	Bombyx Batryticatus	1.Dispelling wind and relieving convulsion. 2.Reducing phlegm and resolving masses
8		白芨	<i>Rhizoma Bletillae striatae</i>	Rhizoma Bletillae	1.Astringency and hemostasis. 2. Detumescence and promoting granulation.
9		白扣	<i>Fructus Amoni</i>	Cardamom	1.Seasoner. 2. Eliminate odor. 3. Strengthen the spleen, regulate qi, aid digestion.
10		白芥子	<i>Semen Sinapis albae</i>	White Mustard Seed	1.Reduce phlegm. 2.Reducing swelling and resolving mass.
11		白花蛇舌草	<i>Herba Hedyotis diffusae</i>	Spreading Hedyotis Herb	1.Heat-clearing and detoxifying. 2. Damp elimination and smoothing showering.

12		百合	<i>Bulbus Lilii</i>	Lanceleaf Lily Bulb	1.Moisturizing dryness by nourishing yin. 2. Easing mental anxiety.
13		茯苓	<i>Poria</i>	Indian Buead	1.Eliminating dampness and diuresis. 2. Strengthening the spleen and stomach.
14		白附子	<i>Rhizoma Typhonii gigantei</i>	Rhizoma Typhonii	1.Dispel wind-phlegm. 2. Through channels and collaterals. 3. Detoxification and analgesic.
15		白果	<i>Semen Ginkgo</i>	Ginkgo Seed	1.Convergence lung and anti-asthma.
16		刺蒺藜	<i>Fructus Tribuli terrestris</i>	Puncturevine Caltrop Fruit	1.Tranquilizing liver. 2.Resolve depression. 3.Dispelling pathogenic wind for improving eyesight.
17		白芍	<i>Radix Paeoniae lactiflorae</i>	White Paeony Root	1.Nourishing blood. 2.Relive spasm and alleviate pain.
18		白前	<i>Radix et Rhizoma Cynanchi stauntonii</i>	Rhizoma cynanchi stauntonii	1.Depressing qi. 2.Lower sputum and stop cough.
19		白鲜皮	<i>Cortex Ditamni radicis</i>	Densefruit Pittany Root-bark	1.Heat-clearing and damp-drying drug. 2. Dispelling wind and arresting itching. 3. Detoxification.
20		白朮	<i>Rhizoma Atractylodis macrocephalae</i>	Largehead Atractylodes Rhizome	1.Invigorating spleen and supplementing qi. 2.Drying dampness and diuresis.
21		半边莲	<i>Herba Lobeliae chinensis</i>	Chinese Lobelia Herb	1.Detumescence, detoxification. 2.Treat jaundice.
22		半枝莲	<i>Radix Scutenlari brabatae</i>	Barbed Skullcap Herb	1.Heat-clearing and detoxifying. 2.Scattered stasis and Hemostasis. 3.Diuretic swelling.
23		半夏	<i>Rhizoma Pinelliae</i>	Pinellia Tuber	1.Eliminating dampness and phlegm. 2.Downbear counterflow and check vomiting. 3.Dissolving lumps and resolving masses.
24		板蓝根	<i>Radix Isatis</i>	Indigowoad Root	1.Clearing-heat and expelling miasma. 2.Cooling blood. 3. Relieving sore-throat.

25		蒲黄	<i>Pollen Typhae</i>	Pollen Typhae	1.Promoting blood circulation to arrest bleeding. 2.Removing stasis. 3.Inducing diuresis.
26		蒺藜	<i>Herba Polygoni avicularis</i>	Herba Polygoni Avicularis	1.Inducing diuresis for treating stranguria. 2.Pesticide. 3.Relieve itching.
27		甘草	<i>Radix Glycyrrhizae</i>	Liquorice Root	1.Clearing away heat and toxic materials. 2.Moistening lung for arresting cough.
28		甘遂	<i>Radix Euphorbiae kansui</i>	Radix Kansui	1.Removing retained water and morbid fluid. 2.Relaxing the bowels.
29		藁本	<i>Rhizoma et Radix Ligustici</i>	Rhizoma Ligustici	1.Clearing winddamp. 2.Eliminating cold stop pain.
30		牛大力	<i>Radix Millettiae speciosae</i>	Radix Millettiae Speciosae	1.Tonic lungs. 2.Enhance tendons active improving collateral circulation.
31		葛根	<i>Radix Puerariae thomsonii</i>	Lobed Kudzuvine Root	1. Clearing heat. 2.Engender liquid and allay thirst. 3.Anti-diarrhea effect.
32		桔梗	<i>Radix Platycodi grandiflori</i>	Platycodon root	1.Facilitaing lung and eliminating phlegm. 2.Relieving sore-throat. 3.Apocenosis.
33		钩藤	<i>Ramulus cum unco Uncariae</i>	Gambir Plant	1.Heat-removing, soothe the liver. 2.Relieving convulsion and spasm.
34		枸杞	<i>Fructus Lycii</i>	Fructus Lycii	1.Nourishing liver and kidney. 2.Nourish the lung.
35		枳壳	<i>Fructus Aurantii</i>	Fructus Aurantii	1.Relieving stagnant qi. 2.Disperse accumulations.
36		枳实	<i>Fructus Aurantii Immaturus</i>	Immature Bitter Orange	1.Relieving stagnant qi. 2.Eliminate phlegm. 3.Disperse accumulations.
37		山梔子	<i>Fructus Gradeniae</i>	Fructus Gardeniae	1.Except vexed enfold purging fire. 2.Reducing fever and causing diuresis. 3.Cooling blood remove apthogenic heat

38		谷精草	<i>Flos Eriocauli</i>	Flos Eriocauli	1.Heat dissipation. 2.Removing nebula.
39		昆布	<i>Herba Laminariae</i>	Kelp	1.Eeliminate phlegm and soften hardness. 2.Disinhibit water and detumescence.
40		骨碎补	<i>Rhizoma Drynariae</i>	Rhizoma Drynariae	1.Tonifying kidney and strong bone. 2.Promoting blood circulation and stopping pain.
41		菊花	<i>Flos Chrysanthemi indicis</i>	Chrysanthemum	1.Dispelling wind clearing heat. 2.Calming liver and improving eyesight. 3. removing toxicity for detumescence.
42		大黄	<i>Rhizoma Rhei</i>	Radix Et Rhizoma Rhei	1.Antipyretic drug. 2.Digestion. 3.Treat Blood stasis..
43		黑枣	<i>Frustus Ziziphi jujubae</i>	Chinese Wingnut	1.Heat-clearing drugs. 2.Cough medicine.
44		淫羊藿	<i>Herba Epimedii</i>	Herba Epimedii	1.Reinforcing kidney to strengthen yang. 2.Dispelling wind and eliminating dampness. 3.Strengthening the tendons and bones.
45		淡豆鼓	<i>Semen Vignae praeparata</i>	Fermented Soybean	1.Relieving exterior syndrome. 2.Relieving restlessness.
46		淡竹叶	<i>Herba Lophatheri</i>	Common Lophatherum Herb	1.Clearing heat.2.Relieving restlessness. 3.Inducing diuresis
47		丹参	<i>Radix Salviae miltiorrhizae</i>	Radix Salviae Miltiorrhizae	1.Removing stasis to ease pain. 2.Activating blood circulation and stimulating meridians. 3.Clearing away heart-fire and relieving restlessness.
48		党参	<i>Radix Codonopsis pilosulae</i>	Root of Pilose Asiabell	1.Invigorating spleen and lung. 2.Enhancing qi while nourishing fluid.
49		灯心草	<i>Medulla Junci effusi</i>	Common Rush	1.Clearing heart fire. 2.Inducing diuresis for treating stranguria.
50		桃仁	<i>Semen Persicae</i>	Peach Seed	1.Break blood and remove blood stasis. 2.Moisturize pathogenic dryness to loosen the Bowel.

51		地骨皮	<i>Cortex Lycii chinensis</i>	Cortex Lycii	1.Clearing deficient heat. 2.Purging heat of lung. 3.Cooling blood.
52		地榆	<i>Radix Sanguisorbae</i>	Radix Sanguisorbae	1.Cooling blood and hemostasis. 2.Clearing away heat and toxic materials. 3.Detumescence.
53		地龙	<i>Pheretima</i>	Pheretima	1.Calming liver wind. 2.Clearing and activating the channels and collaterals. 3.Relieving asthma and inducing diuresis.
54		地肤子	<i>Fructus Kochiae</i>	Fructus Kochiae	1.Clearing heat and promoting diuresis. 2.Anti rubella and pruritus.
55		丁香	<i>Flos Syzygii aromatici</i>	Clove	1.Warming middle energizer descend adverse-rising. 2.Warming Kidney and encouraging yang.
56		杜仲	<i>Cortex Eucommiae</i>	Cortex Eucommiae	1.Nourishing liver and kidney. 2.Strengthen muscles and bones.3.Miscarriage prevention.
57		独活	<i>Radix Angelicae pubescentis</i>	Root of Doubleteeth Pubescent Angelica	1.Dispel wind and overcome dampness. 2.Expel cold. 3.Relieve pain.
58		冬虫夏草	<i>Cordyceps sinensis</i>	Chinese Caterpillar Fungus	1.Treat cough and asthma.2.Nourish the kidney and strengthen the essence
59		牡丹皮	<i>Cortex Paeoniae suffruticosae</i>	Tree Peony Bark	1.Heat-clearing. 2.Promoting blood flow to remove stasis decoction.
60		当归	<i>Radix Angelicae sinensis</i>	Chinese Angelica	1.Replenishing blood and activating blood. 2.Regulates menstruation stops pain. 3. moisturize pathogenic dryness to loosen the Bowel.
61		夏枯草	<i>Spica Prunellea</i>	Spica Prunellea	1.Clearing liver and improving vision. 2.Removing toxic substance to disintegrate a mass.
62		何首乌	<i>Radix Fallopiae multiflorae</i>	Radix Polygoni Multiflori	1.Nourishes the Blood ;2.Moistens the Intestines;3.lieves Fire Toxin .
63		海金沙	<i>Spora Lygodii</i>	Lygodium japonicum	1.Eliminates Damp-Heat; 2.promotes urination; 3.expels stones ; 4.reduces edema and decreases jaundice.

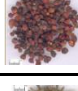

64		海马	<i>Hippocampus</i>	Sea Horse	1.Tonifies Kidney Yang and treats impotence; 2. Regulates Qi and Blood and promotes labor.
65		附子	<i>Radix Aconiti lateralis Preparata</i>	Prepared Aconite	1.Disperses Cold and Dampness; 2. Warm vital gate fire and assists Heart; 3. Restores Devastated Yang and rescues from rebellion.
66		牵牛子	<i>Semen Pharbitidis</i>	Morning Glory Seeds	1.Drives out water through the urine and stool; 2. Drives out Phlegm and thin mucus; 3. Expels intestinal parasites and reduces Stagnation.
67		苦杏仁	<i>Semen Armeniacae amarum</i>	Almond	1.Stops cough and calms wheezing; 2. Moistens the Intestines and unblocks bowels.
68		厚朴	<i>Cortex Magnoliae officinalis</i>	Magnolia Bark	1.Promotes the movement of Qi and resolves Food Stagnation;2. Descends Rebellious Qi, reduces Phlegm and calms wheezing.
69		黄柏	<i>Cortex Phellodendri</i>	Phellodendron Bark	1.Drains Damp-Heat ; 2. Drains Fire ; 3. Relieves Fire toxicity.
70		黄芩	<i>Radix Scutellariae</i>	Baical Skullcap Root	1.Clears Heat and dries Dampness; 2. Cools the Blood and stops bleeding; 3. Clears Heat and calms the fetus.
71		红藤	<i>Caulis et Radix Fibraureae</i>	Sargentgloryvine Stem	1.Clears Heat, resolves toxicity; 2. Reduces abscesses and stops pain; 3. Invigorates the Blood and disperses Stasis Stasis.
72		黄芪	<i>Radix Astragali membranacei</i>	Astragalus Root	1.Tonifies Qi and Blood; 2. Promotes urination and reduces edema; 3. Promotes the discharge of pus, generates flesh and expels toxins.
73		黄连	<i>Rhizoma Coptidis</i>	Coptis Root	1.Clears Heat and drains Dampness; 2. Clears Heart Fire (sedative); 3. Relieves Fire toxicity.
74		滑石粉	<i>Talcum</i>	Talc	1.Promotes urination; 2. Expels Damp-Heat; 3. Releases Summe heat and resolves Dampness.
75		藿香	<i>Herba Pogostemonis</i>	Herba Agastaches	1.Turbid Dampness Obstructing ; 2. Treats dermatosis and fungal infection.
76		山药	<i>Tuber Dioscoreae persimilis</i>	Chinese yam	1.Tonifies the Spleen, nourishes Stomach Yin and stops diarrhea ; 2.Tonifies Kidney Yin and astringes Jing.

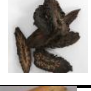

77		红花	<i>Flos Carthami tinctorii</i>	Safflower	1.Invigorates the Blood, dispels Blood Stasis; 2. Opens the channels; 3. Unblocks menstruation and alleviates pain.
78		元胡	<i>Radix Tuber corydalis</i>	Rhizoma Corydalis	1.Invigorates the Blood ; 2. Circulates Qi; 3. Stops pain and disperses extravasation.
79		血风藤	<i>Caulis Sargentodoxae</i>	Net Cliffbean	1.Invigorates and tonifies the Blood ; 2. Activates the channels and relaxes the sinews.
80		玄参	<i>Radix Scrophulariae</i>	Figwort Root	1.Cooling blood, promote yin; 2. Rid of toxin and heat; 3. Soothing the throat.
81		益智仁	<i>Fructus Alpiniae oxyphyllae</i>	Sharpleaf Galangal Fruit	1.Warms the Kidneys and astringes Jing and urine; 2. Warms the Spleen; 3. Increases the appetite and stops diarrhea and salivation.
82		诃子	<i>Fructus Terminaliae chebulae</i>	Fructus chebulae	1.Astringes the Intestines; 2.Improves the condition of the throat Descends Lung Qi; 3.Relieves Qi Stagnation in the diaphragm and chest.
83		芡实	<i>Semen Eeuryales</i>	Gordon Enryale Seed	1.Strengthens the Spleen and stops diarrhea; 2.Eliminates Dampness ; 3.Treat chronic diarrhea and spermatorrhea.
84		苦参	<i>Folium et Ramulus Crotonis tonkinensis</i>	Radix Sophorae Flavescentis	1.Clears Heat and dries Dampness; 2. Disperses Wind, kills parasites and stops itching .
85		鸦胆子	<i>Fructus Bruceae</i>	Brucea Fruit	1.Cools Heat, resolves toxicity, expels Dampness; 2. Cools the Blood and kills parasites; 3. Treats malaria.
86		羌活	<i>Rizoma et Radix Notopterygii</i>	Incised Notopterygium	1.Expels Wind-Cold-Dampness; 2. Unblocks painful obstruction; 3. Alleviates pain.
87		款冬花	<i>Flos Tussilaginis farfarae</i>	Coltsfoot Flower	1. Moistens the Lungs, descends Qi; 2. Cough arresting, phlegm expelling, asthma calming effect.
88		金樱子	<i>Fructus Rosae laevigatae</i>	Cherokee Rose	1.Stabilizes Kidneys, astringes urine and retains essence; 2.Astringes the Intestines and reduce Leukorrhea.
89		银花藤	<i>Caulis cum Folium Lonicerae</i>	Caulis Lonicerae	1. Dispels Wind-Dampness; 2. Soothes the sinews ;3. Unblocks the channels.

90		鸡骨草	<i>Herba Abri</i>	Abrus Herb	1. Clears Heat, resolves toxicity; 2. Reduces abscesses and stops pain; 3. Dispels Blood Stasis.
91		金银花	<i>Flos Lonicerae</i>	Honeysuckle Flower	Clears Heat and resolves Fire toxicity.
92		莱菔子	<i>Semen Raphani sativi</i>	Radish Seed	1.Reduces Food Stagnation, promotes digestion and eliminates distention ;2. Descends Qi and reduces Phlegm .
93		罗汉果	<i>Fructus Siraitiae</i>	Fructus momordicae	1.Moistens and cools the Lungs, resolves Phlegm and stops cough; 2. Generates body Fluids and relieves thirst.
94		连翘	<i>Fructus Frosythiae suspersae</i>	Weeping Forsythia	1.Clears heat and toxin; 2.Reduces abscesses and dissipates clumps;3. Promotes urination.
95		灵芝	<i>Ganoderma lucidum</i>	Reishi mushroom	1.Tonifies Heart Qi, nourishes Heart Blood and calms the Spirit ; 2. Tonifies Qi and nourishes Blood.
96		龙胆	<i>Radix et rhizoma Gentianae</i>	Gentiana	1.Drains Damp-Heat from the Liver and Gallbladder channels; 2. Drains and pacifies Excess Liver Fire.
97		炉甘石	<i>Calamine</i>	Smithsonite	1.Brightens eyes and removes superficial visual obstructions (corneal opacity) ;2. Dry Dampness, generates flesh and stops itching.
98		芦根	<i>Rhizoma Phragmitis</i>	Reed Rhizome	1.Clears Stomach Heat,relieves thirst and stops vomiting; 2. Vents rashes and promotes urination;3. Relieves Puffer fish poisoning.
99		龙骨	<i>Os Draconis</i>	Dragon Bone	1.Settles anxiety and calms the Spirit; 2. Prevents leakage of fluids; 3.Topically generates muscles and astringes ulcers.
100		麻黄	<i>Herba Ephedrae</i>	Ephedra	1.Relieving exterior syndrome by diaphoresis; 2. Calms wheezing and stops coughing; 3. Promotes urination and reduces edema.
101		麦冬	<i>Radix Ophiopogonis japonici</i>	Ophiopogon root	1.Moistens the Lungs,Intestines and stops coughing ; 2. Nourishes Stomach Yin and generates Fluids.
102		麦芽	<i>Fructus Hordei germinatus</i>	Malt	1.Reduces Food Stagnation, improves digestion and strengthens the Stomach ; 2. Inhibits lactation.

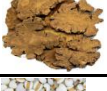

103		蔓荆子	<i>Fructus Viticis trifoliae</i>	Shrub chastetree fruit	1.Disperses Wind and clears Heat ; 2.Clears and benefits the head and eyes.
104		密蒙花	<i>Flos Buddleiae officinalis</i>	Butterflybush flower	1.Clears the Liver; 2. Brightens eyes and reduces superficial visual obstruction.
105		木瓜干	<i>Fructus Chaenomelis speciosae</i>	Dried papaya	1.Relaxes the sinews and unblocks the channels; 2. Nourishes the Liver and transforms Dampness;3.Reduces Food Stagnation.
106		木通	<i>Caulis Clematidis</i>	Akebia Stem	1.Promotes urination and unblocks painful urinary dysfunction ; 2. Drains Heart Heat through the Small Intestine.
107		木贼草	<i>Herba Equiseti debelis</i>	Scouring Rush	1.Disperses Wind-Heat, clears the eyes and eliminates superficial visual obstruction ; 2. Clears Heat and stops bleeding.
108		没药	<i>Myrrha</i>	Myrrh	1.Invigorates the Blood, dispels Blood Stasis, alleviates pain and reduces swelling; 2. Generates flesh and promotes healing.
109		蜈蚣	<i>Scolopeudra morsitans</i>	Centipede	1.Extinguishes Wind and stops spasms and convulsions; 2. Relieves Fire toxins, dissipates nodules; 3.Unblocks the collaterals and pain.
110		吴茱萸	<i>Fructus Evodiae rutaecarpae</i>	Fructus Evodiae	1.Disperses Cold ; 2. Relieves Stagnation in the Liver channel and alleviates pain; 3. Warms the Spleen.
111		玉竹	<i>Rhizoma Polygonati odorati</i>	Polygonatum	1.Nourishes Yin, moistens Dryness, moistens the Lungs; 2. Nourishes the Stomach and generates fluids.
112		五倍子	<i>Galla chinensis</i>	Gallnut	1.Astringes the Intestines and stops diarrhea ; 2. Clears Dampness; 3. Hemostasis and reduces swelling.
113		香加皮	<i>Cortex Schefflerae hepptaphylae</i>	Cortex periplocae	1.Dispels Wind-Dampness, nourishes the Liver and Kidneys ; 2. Strengthens sinews and bones ; 3. Reduces swelling .
114		五味子	<i>Fructus Schisandrae</i>	Schisandra Fruit	1.Astringes leakage of Lung Qi and stops coughing ; 2. Tonifies the Kidneys; 3. Binds up Essence and stops diarrhea.
115		牛蒡子	<i>Fructus Arctii lappae</i>	Great Burdock Achene	1.Disperses Wind-Heat and benefits the throat ;2. Relieves toxicity and vents rashes ;3. Moistens the Intestines

116		牛膝	<i>Radix Achyranthis bidentatae</i>	Achyranthes Root	1.Invigorates the Blood and expels Blood Stasis ; 2. Nourishes Liver and Kidney Yin; 3. Strengthens the sinews and bones.
117		人参	<i>Radix Ginseng</i>	Ginseng	1.Powerfully tonifies Yuan Qi ; 2. Generates Body Fluids and stops thirst ; 3. Soothe the nerves.
118		乳香	<i>Gummi resina olibanum</i>	Frankincense	1.Invigorates the Blood and promotes the movement of Qi ; 2.Activates the channels and alleviates pain ; 3.Reduces swelling and generates flesh.
119		肉豆蔻	<i>Semen Myristicae</i>	Nutmeg	1.Astringes the Intestines and stops diarrhea ; 2. Regulates Qi and alleviates pain.
120		肉苁蓉	<i>Herba Cistanches</i>	Cistanche	1.Tonifies the Kidneys; 2. Benefits Jing and marrow and warms the Womb ; 3. Moistens the Intestines.
121		乌药	<i>Radix Linderae</i>	Root of Combined Spicebush	1.Promotes the movement of Qi and alleviates pain ; 2.Warms the Kidneys and disperses Cold.
122		补骨脂	<i>Fructus Psoraleae corylifoliae</i>	Fructus psoraleae	1.Tonifies the Kidneys ; 2. Tonifies and warms Spleen Yang and stops diarrhea.
123		防风	<i>Radix saposhnikovisae divaricatae</i>	Divaricate Saposhnikovia Root	1.Dispelling wind to relieve exogenous syndrome; 2.Removing dampness to kill pain. 3. Pasmolysis.4. Relieve itching.
124		防己	<i>Radix Stephaniae tetrandrae</i>	Radix Stephanlae Tetrandrae	1.Dredging and regulating water passage; 2.Clearing away the damp-heat from the lower-jiao.
125		覆盆子	<i>Fructus Rubi</i>	Palmleaf Raspberry Fruit	1.Nourishing liver and kidney; 2. Secure essence and reduce urination; 3. Improving eyesight.
126		茯神	<i>Poria</i>	Indian Bread with Pine,Tuckahoe with pine	1.Calming heart; 2. Calm the nerves; 3.Promoting urination.
127		瓜蒌仁	<i>Semen Trichosanthis</i>	Fructus Trichosanthis	1.Clearing heat and expectoration; 2. Relieving chest stiffness to dissipate mass; 3. Moistening the intestines.
128		沙参	<i>Radix Glehniae</i>	Radix Adenophorae	1.Replenishing the vital essence and removing heat; 2. Moistening the lung and eliminating phlegm; 3. Tonifying stomach and promoting fluid.

129		柴胡	<i>Radix Bupleuri</i>	Radix Bupleuri	Adix
130		地黄	<i>Radix Rehmanniae glutinosae</i>	Radix rehmanniae	1. Eliminating pathogenic heat from the blood; 2. Nourishing yin; 3. promoting the secretion of saliva or body fluid.
131		使君子	<i>Fructus Quisqualis</i>	Fructus Quisqualis	1. Anthelmintic; 2. Removing food retention; 3. Tonifying spleen.
132		山茱萸	<i>Fruccus Corni officinalis</i>	Medical Dogwood	1. Nourishing liver and kiney; 2. Arresting seminal emission and collapse.
133		三棱	<i>Rhizoma Sparganii</i>	Common Burreed Rhizome, Rhizome of Common Burreed	1. Promoting qi Activating Blood; 2. Removing food retention and relieve pain;
134		三七	<i>Radix Panasis notoginseng</i>	Sanchi	1. Hemostasis; 2. Promoting blood circulation for removing blood stasis; 3. Nnalgesic therapy;
135		枣仁	<i>Semen Ziziphi mauritiana</i>	Spina Date Seed	1. Calming the heart and tranquilizing the mind; 2. Lamb liver; 3. Stopping perspiration;
136		辛夷花	<i>Flos Magnoliae</i>	Flos Magnoliae	1. Expel wind and cold evils; 2. Clearing the nasal passage.
137		桑螵蛸	<i>Mantidis ootheca</i>	Ootheca Mantidis	1. Secure essence and reduce urination; 2. Reinforcing kidney to strengthen yang.
138		秦艽	<i>Radix Gentianae macrophyllae</i>	Radix Gentianae Macrophyllae	1. Expelling wind-damp; 2. Relaxing tendons and collaterals; 3. Clearing deficient heat; Disinhibiting dampness and relieving jaundice.
139		桑白皮	<i>Cortex Mori albae radice</i>	Cortex Mori	1. Removing heat from lung and relieving asthma; 2. Inducing diuresis to alleviate edema;
140		细辛	<i>Radix et Rhizoma Asari</i>	Manchurian Wildginger, Herb of Manchurian Wildginge	1. Relieving rheumatism, chills and pains; 2. Warming lung to reduce watery phlegm; 3. Blood-activating and orifice-opening.
141		石膏	<i>Gypsum fibrosum</i>	GYPSUM FIBROSUM PREPARATUM	1. Astringing dampness; 2. Astringing sores to promoting granulation; 3. Hemostasis.

142		石斛	<i>Herba Dendrobii</i>	HERBA DENDROBII	1.Tonifying stomach and promoting fluid; 2.Nourishing yin and clearing heat ;3.Embellish lung and benefiting kidney; 4.mproving eyesight and strengthening waist.
143		升麻	<i>Rhizoma Cimicifugae</i>	RHIZOMA CIMICIFUGAE	1.Invigorating splenic yang; 2.Relieving exterior syndrome;3. Promoting eruption; 4.Relieve internal heat or fever.
144		天花粉	<i>Radix Trichosanthis</i>	RADIX TRICHOSANTHIS	1.Removing heat to promote salivation; 2.Moistening the lung and eliminating phlegm;3.Detumescence abscess.
145		天麻	<i>Rhizoma Gastrodiae elatae</i>	Tall GasTCMLIBodia Tuber, Tuber of Tall GasTCMLIBo	1.Relieving convulsion and spasm; 2 .Suppressing hyperactive liver and subsiding yang; 3.Dispelling wind and removing obstruction in the meridians.
146		天冬	<i>Radix Asparagi cochinchinensis</i>	Radix Asparagi	1.Nourishing yin to moisten dryness; 2.Clearing away the lung-heat for promote the secretion of saliva or body fluid.
147		贝母	<i>Bulbus Fritillariae</i>	Rhizome of Paniculate Bolbostemma	1.Clearing heat and transforming phlegm; 2. Eliminating stagnation for draw out poison.
148		土黄连	<i>Rhizoma Thalictri</i>	Meadowrue Root and Rhizome, Root and Rhizome of Ba	1.Clear heat and dry dampness; 2.Purging fire for removing toxin;
149		通草	<i>Medulla Tetrapanacis papyriferi</i>	Ricepaperplant Pith	1.Dispelling dampness and promoting diuresis ;2.Promoting lactation.
150		菟丝子	<i>Semen Cuscutae</i>	China Dodder	1.Nourish the kidney and strengthen the essence; 2.Nourishing the liver to improve visual acuity; 3.Miscarriage prevention and Cure of diarrhea.
151		商陆	<i>Radix Phytolaccae</i>	Pokeberry root	Mainly helps to promote diuresis.
152		藏菖蒲	<i>Rhizoma Acori</i>	Grassleaf Sweetflag Rhizome, Drug Sweetflag Rhizom	1.Dissipating phlegm for resuscitation;2.Expel pathogenic dampness and promote q; 3. Dispelling pathogenic wind and arthralgia; 4.Relieve swelling and pain.
153		苍耳子	<i>Fructus Xanthii strumarii</i>	Siberian Cocklour Fruit, Fruit of Siberian Cockleb	1.Expel wind and cold evils; 2.Clearing the nasal passage; 3.Expelling wind-damp; 4.Relieve itching.
154		苍术	<i>Rhizoma Atractylodis</i>	Rhizoma Atractylodis	1.Eliminating dampness and strengthening spleen; 2.Expelling wind-damp; 3.Emproving eyesight.

155		熟地	<i>Radix Rehmanniae glutinosae preperate</i>	Prepared rhizome of Adhesive	1.Tonifying blood; 2.Supplying Vital Essence And Marrow.
156		蝉蜕	<i>Periostracum Cicadae</i>	Periostracum Cicadae	1.Dispelling wind-heat; 2.Expose the exanthema for relieving sore throa; 3.Removing nebula for improving eyesight; 4.Expelling wind and relieving convulsion
157		前胡	<i>Radix Peucedani</i>	Radix Peucedani	1.Dispelling wind and heat;2.Regulating qi-flowing for eliminating phlegm.
158		小茴香子	<i>Fructus Foeniculi</i>	Fructus Foeniculi	1.Warm the kidney and liver;2. Promoting qi circulation to relieve pain;3.Regulating stomach.
